Re: **Datamate 2200 Release**

Datamate 2200

Greater Accuracy
Smaller Enclosure
More Features
Lower Cost

Actaris Metering Systems is pleased to announce the release of the Datamate 2200. Replacing the Datamate 2100, the new Datamate 2200 offers more standard features at lower cost and in a more compact housing.

Feature	DM2100	DM2200
Standard Outputs	None (must be purchased as options)	Two 4-20 mA analog One Quadrature pulse
Accuracy	0.15%	0.10%
Modbus compatible	No	Yes
Serial port	RS-422	RS-485
Relays	Mechanical	Solid-State
Display	2 lines, 20 characters	4 lines, 40 characters
Meter compatibility	Must be configured to specific transducer when ordered	Compatible with all m-dot mass flow transducers
NexGen communications protocol (works with NexLink)	No	Yes

The DM2200 O&M manual (M-612) and tech sheet (TS-612) are available on our web site at www.neptuneflowmeter.com on the literature page. For additional information, contact Actaris customer service at 1-800-833-3357.
